

## IOP London and South East E-Bulletin – April 2013

Welcome to the IOP London and South East Branch's April e-bulletin. The aim of this newsletter is to be a one stop shop keeping IOP members up to date with upcoming events, opportunities, and news of Branch activities in their local area.

### Keep Updated

There are a host of ways for you to find out what your local IOP branch is doing.

On the web <http://london.iop.org>

On Facebook [www.facebook.com/ioplse](http://www.facebook.com/ioplse)

On Twitter @IOPLSE

### LSE Careers Event

As part of National Careers Week, the IOP London and South East Branch put on a successful careers evening on 13<sup>th</sup> March at the IOP's central London headquarters.

Showing its student members the wide variety of careers open to physics graduates, the event was attended by the following ten companies: BT, Coherent, EDF Energy, Ixico, STFC, TeachFirst, Thales, The Technology Partnership, U2t Photonics and Winton Capital.

### IOP Work Placements Scheme 2013

The Institute of Physics (IOP) offers penultimate year undergraduate physics students in the UK and Ireland bursaries to carry out eight-week summer placements in a company of their choice.

The 2013 scheme is now open to applications, but hurry, as the deadline is the 26<sup>th</sup> of April. The selection process will take approximately three weeks, successful and unsuccessful applicants will hear from us shortly after this time.

To find out more visit <http://www.iop.org/careers/top40placements/index.html>.

### Lecture Series (April and May)

The IOP strongly encourages members to bring along guests to its free public lectures. Please click on the links below for further details.

[AWE – 15 April, 7.30pm – Jonathan Allday](#)

**The Turin Shroud**

[MILTON KEYNES – 16 April, 7.30pm – Dr Susanne P. Schwenzer](#)

**Mars Rover Curiosity at Gale crater**

[LONDON – 24 April, 6.30pm – Prof. Jonathan Butterworth](#)

**The Large Hadron Collider: Latest News from the Energy Frontier**

[MILTON KEYNES – 14 May, 7.30pm – Dr Marialuisa Aliotta](#)

**Nuclear Reactions, Stars and the Creation of Elements**

[LONDON – 15 May, 6.30pm – Prof. Alan Davies](#)  
**Science in the Cinema**

### **L&SE Branch Newsletter**

Packed with stories about what the Branch has been up to, if you haven't had chance to see it yet then you can check out the March newsletter by logging into MyIOP [here](#).

### **HumSci Workshop**

The idea of this workshop is to promote genuine reciprocity between the 'two disciplines' by bringing together PhD students and Early Career Researchers from both the sciences and the humanities to think through issues of method, creativity and uncertainty in research, as well as publishing and communication.

The HumSci Workshop is a collaborative scheme between the Centre for the History of Science and Technology and Medicine (CHoSTM) at Imperial, and the Department of Physics & Astronomy at University College London.

To find out more and get involved in the workshop please visit:  
<http://humsciworkshop.wordpress.com/>.
