

**Visit to the ALL ENGLAND LAWN TENNIS CLUB, WIMBLEDON**

**on Thursday 13th May 2010**

---

This visit has been organised by Sandra and David Williams.

The visit will form a prelude to the 2010 Championships.

A talk will be given by Adrian Martin, retired Clerk of Works. He has been involved in the development of the new roof over Centre Court, which was used for the first time during the 2009 Championships.

We shall have a conducted tour of the grounds, gaining access to areas normally closed to the public. Circumstances permitting, the tour may include Centre Court and No.1 Court, the Water Gardens (Henman Hill), the Millenium Building, the Press Interview Room and the BBC Television Studio.

We shall also visit the state-of-the-art museum, which was opened in 2006. It presents the evolution of the game from a garden party pastime to a multi-million pound professional sport played worldwide. The collection of tennis memorabilia dates back to 1555. Treasures from the first Championship in 1877 to the most recent are on display, including equipment, apparel and mementos belonging to the greatest players. Audio-visual displays include a 200° wraparound cinema with computer-generated special effects, showing how players' bodies and equipment are affected during a match.
