

**PAINSHILL PARK, COBHAM, SURREY**

Thursday 14 April 2011

---

This meeting has been organised by George Freeman

**PAINSHILL PARK** is a large Georgian landscape park laid out between 1738 and 1773 by the Hon. Charles Hamilton. To appreciate the park and its vistas the visitors follow a defined path so one vista follows after another. We will see the fabulous grotto, Gothic Temple, Turkish Tent and the water wheel which lifts water from the Mole up the hill to the lake. The park has been restored from 1980 onwards and the grotto was the last major restoration. It will be interesting to see how their vineyard has developed. The guided tour lasts 2½ hours.

After lunch we will hear about the early plant hunters and see some of the plants in the walled garden. Many of the plants were sent from America by John Bartram to Charles Hamilton.
